

MEGAN ROTH

I first started dancing at the age of two, and danced at a number of studios before coming to Noreen Londregan School of Dance when I was 12.

Before then, I participated in many sports and couldn't find a dance studio that felt like home. After switching to NLSD, I decided to quit my other sports in order to pursue dance more seriously. I joined the competition team and my love for dance has been growing ever since.

Throughout my time dancing at NLSD, I've been challenged to work hard in order to become a better dancer. I am thankful for my friends for always cheering me on, for my family for always watching me dance, and for my teachers, Miss Noreen, Miss Colleen, Miss Kayleigh, Miss Heather, Miss Allison, and Miss Tammy for helping me become the dancer that I am today.

I will miss dancing at NLSD, but I am excited to continue dancing in college.

In the fall I will be attending UCLA and plan to study Communications.

KATHY DU

My name is Kathy Du and this is my fourth year of dancing at NLSD! I am so happy that I chose this studio to dance at after my time as a rhythmic gymnast.

Over the years, I have made some really good friends and I am thankful for them and all of my teachers. Even though I started very late, everyone quickly took me under their wing. Dance has helped me grow immensely as a person. For the next chapter of my life,

I will be going to Case Western Reserve University and majoring in possibly statistics or data analytics and minoring in environmental science. I can't thank my parents, teachers, and friends enough for getting me to where I am now.
